March 2026

A Long-Lost Art That Brings Much Joy

In the time of "having it my way and having it now," the art of letter writing is being forgotten. The apostles, granted did not have the internet, but fully understood the need for contact and communication, with Paul spending much of his time encouraging others, in the faith, through letters. Whether in sadness, hard times, or celebration, kind words shared lets someone know they are cared for and lifts the spirit.

The same is true with children in the Kingdom Kids program. Sponsors have the ability to send encouraging words and lift the spirits of the children by sending letters through their online account. In turn, the children will write back. Not only do sponsors get the translated letter, they get a copy of the handwritten letter, and a serious lift to the spirit. To find out more, click

[Parents Getting Involved](#)

The 2026 school year is underway at Good Samaritan School, but not before the parents provided the school with a hands-on thorough cleaning. The Parents' Committee at the school is a valuable asset, contributing in numerous ways to ensure the children have a safe and clean place to learn. During the their time of preparation, the parents received an encouraging presentation from Ella, a former GSS student and licensed psychologist.

Grandmother of Student at Christ School Duty Baptized

Join us in celebration as we welcome a new sister to the Duty Church of Christ. Altha Clermont is the grandmother to one of our students at Christ School Duty.

Eureka Church of Christ Hits Milestone of 10 years Making Diapers for Casa Materna

For ten years now, Eureka Church of Christ, in Eureka Illinois has created over 8,400 diapers out of donated t-shirts for babies whose mothers are being served by Casa Materna.

The sewing group meets twice a month--rain, snow, or shine--completing 500 diapers during each session.

Sending a special thank you to these wonderful folks for their years of hard work and dedication to these beautiful mothers and their babies.

Security, Laptops, and Further Education

Duty School in Haiti longs to provide students with hands-on computer education. However, the students can only learn about what computers can do, because they do not have the means to apply the information. At present, there are no computers. In order to bring in the computers, the school premises needs to be secured with a fence. Once completed, computer education can take a huge leap forward. Funds are still needed to make this happen. Please read below to find out how to help.

2026 Missionary Groups Begin Work

2026 work is well underway with our first two groups of the year making an impact on Jinotega and the surrounding areas! All of our groups, while doing much work, do get to experience the climb to the cross that overlooks Jinotega. It's a lot of steps, but the view is breathtaking!

We are excited to have been able to welcome our first Guest Missionaries for 2026 in early January! This group was participating in a Discipleship Trip, a mission organization that takes people on short-term mission trips with the purpose of sharing the Good News of Jesus with a hurting world. This trip marks our fifth year of hosting this wonderful group.

In February, we welcomed the first of two trips this year from the Burleson congregation. This first group was their medical brigade, who provided medical services to 930 people during their stay. We thank God for the blessing of our partnership with Burleson which began over 10 years ago.

We invite you to keep all of the groups in your prayers as they come to serve with us. If you would like to be a part of this mission for Christ, there's still time to organize your own group! Dates still available:

- June 13-20
- July 4-11
- August 1-8

Contact us today at info@misionparacristo.com to find out more about how you can get schedule your 2026 trip.

How can I get involved?

MPC works, first and foremost, to spread the Good News of Jesus. Everything we do comes back to Him:

- **Supporting and training preachers** for work in the Kingdom
- Providing Kingdom Kids programs and schools where **children learn about Christ**, receiving meals each time they attend, and medical attention, as needed.
- Providing **clean water** through our Sustainable Living program.
- Providing **medical treatment** through our clinic in Jinotega and through the wonderful medical brigades that come from the United States.
- Supporting Casa Materna, where **expecting mothers receive medical care and spiritual encouragement.**
- Working with Kids Against Hunger to support **food packing events,**

Please consider support the mission through a donation, becoming a Kingdom Kids sponsor, or visiting the mission. **We can't do it with out people like you!**

I would like to donate to MPC.

I would like to sponsor a child.

Sharing Jesus as we serve people in Nicaragua, Honduras, and Haiti since 1997.
